 	<p>Workplace Assessment For Safety & Hygiene (WASH) Against COVID #19</p> <p>"Passes All 15 Key Elements"</p>
--	---

Working capital ratio (Times)

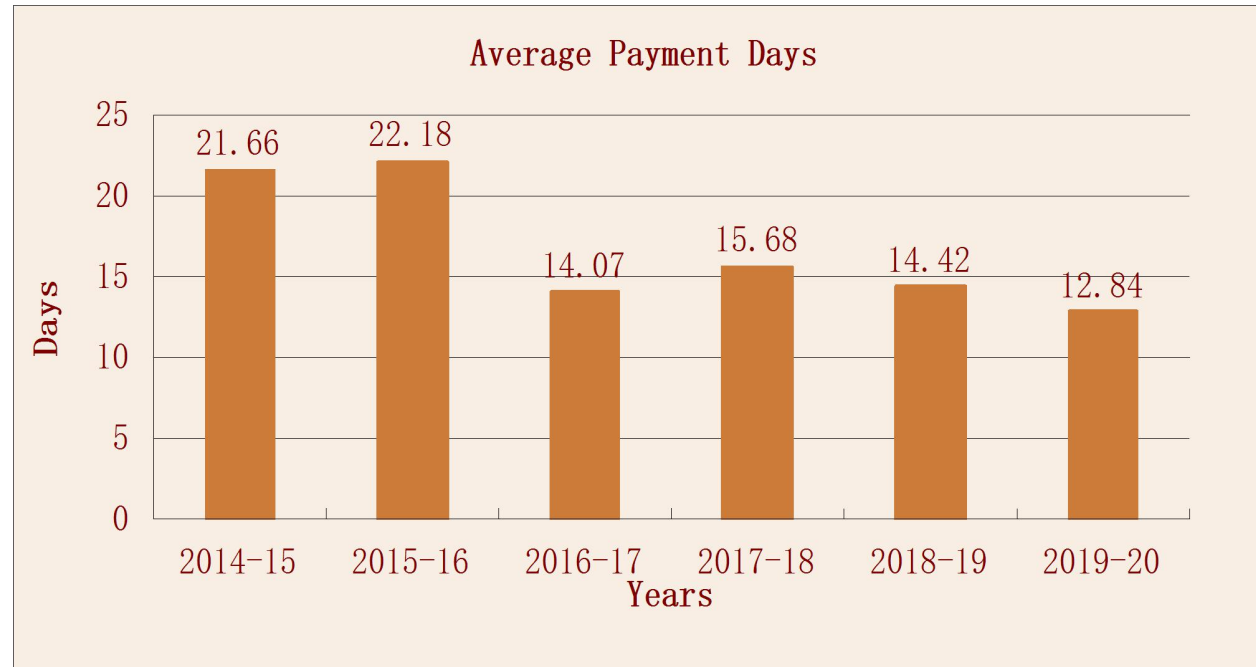

***Working Capital Ratio - Increasing trend shows that the Company is having more Current Assets than Current Liabilities, means Company is fulfilling its liability in time or before time and is not taking much short term loans (is able to manage its funds well).**

Creditors Turnover Ratio(Times)

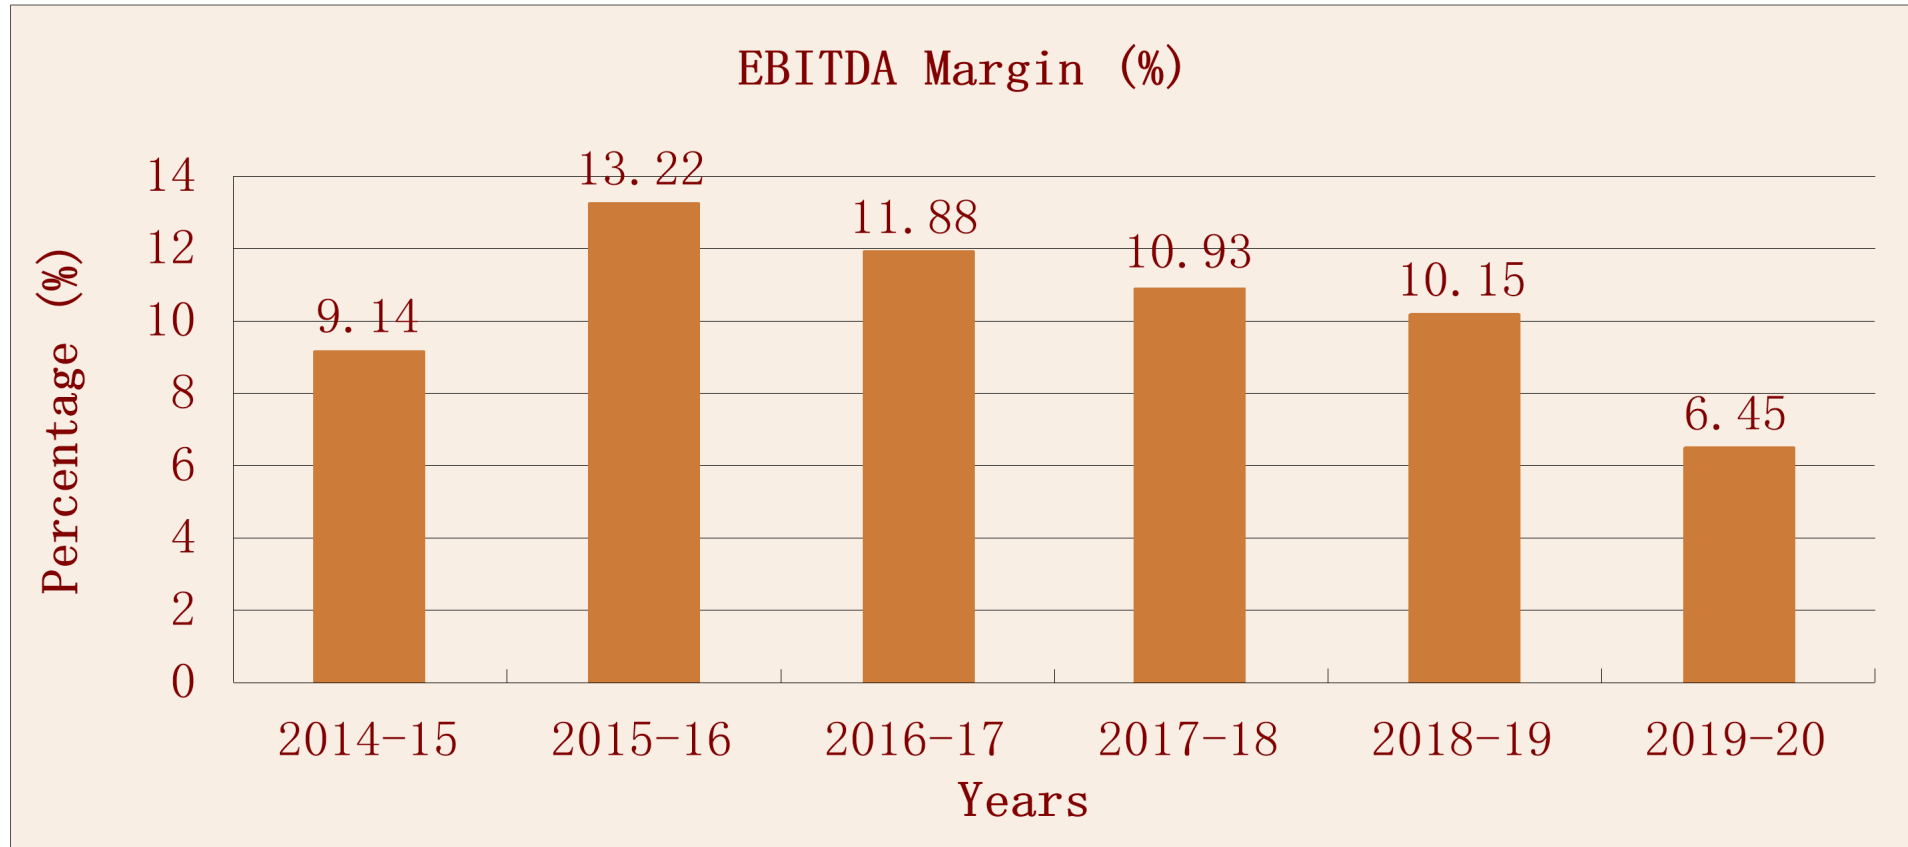

Creditors Turnover Ratio- Increasing trend shows that though the purchases are increasing but the net creditors are decreasing or not increasing with the same ratio

Average Payment Days(Times)

Average Payment Days – Decreasing trend shows that the creditors are paid earlier than previous years and Company is not holding payments to creditors

EBITDA Margin (%)

EBITDA – Stable or reducing EBITDA and increasing turnover shows that the Company had stable growth and is there in the market for long run this gives confidence to vendors that if they make relationship here they will get orders for many years.
